

LPC – AOR – Play park and playing field – April 2022

PLAY PARK

Meeting held with Karen Bolger from NT to discuss the existing 3x quotes for resurfacing the play park. Karen intimated that NT would be happy to help with funding replacement in the near future of the 2x rocking toys which are brightly coloured plastic and not in keeping with the rural nature of the other toys. LPC needs to discuss whether it wishes to proceed with this limited work.

Karen will discuss with Tim any need to apply for planning before any further discussions on major resurfacing can take place and will revert to me.

Meeting with Idverde this week to discuss small repairs to existing flooring for the summer season. Quote to be requested and presented to LPC for urgent sign-off to proceed with repairs (carpeting underneath cone roundabout the most pressing hazard).

Visitor survey as requested at March LPC meeting is underway and data will be collated once visits at sufficiently different times of day and days of week have been conducted.

PLAYING FIELD

Cricket captain has informed me that first home match of the season is 7 May. Idverde has been requested to remark white lines where football pitch had encroached on cricket ground over the winter season. All parties informed.

Football last home match 24 April.

Ryan Ross, captain of Lacock Football is proud to tell us that the team won the cup on 27 March.

RELISH RUNNING

All supporting documentation now received and sent for safe-keeping to Lana.
